

Helping Build the Community

Press Release

Date: November 2011

For Immediate Release

Subject: Mid-Cape Home Centers donates to Wellfleet Preservation Hall

South Dennis, MA – Mid-Cape Home Centers recently delivered a check for over \$2,000 to the Wellfleet Preservation Hall, Inc. Douglas Bohannon, President of Mid-Cape Home Centers, and Jan Nickerson, Chairman of the Board for Mid-Cape Home Centers, met with Marla Rice, President of the Wellfleet Preservation Hall to tour the newly renovated facility.

The Wellfleet Preservation Hall Inc. recently restored many aspects of the Preservation Hall located at 225 Main Street in Wellfleet. WPH launched a multi-year capital campaign to raise the estimated \$2.62 million needed to make the community cultural center a reality. The vision of a welcome gathering space in the center of Wellfleet seemed to capture the imagination of many residents and WPH was awarded a very generous grant of \$500,000 from the Community Preservation Commission with a resounding endorsement again from the townspeople. Along with fundraising, the group began to develop plans for the restoration of the building.

The project Groundbreaking was held on the Spring Equinox of 2010 and the doors to Wellfleet Preservation Hall opened nearly a year later in May 2011. After more than a decade of neglect, the restoration of the building moved ahead essentially on time and on budget with the continued support of our many generous donors . Along the way WPH hosted events that created a trademark of FUNraising and FRIENDraising.

Mid-Cape Home Centers is a proud supported of local business and the community.
