Great gift Idea for Christmas!

Shingle Shield - *Zinc Roof Protector Strips*

SKU# 407080 is a new product from Rafferty that we will be carrying in **South Dennis and Orleans**. Make sure your older asphalt roofs are washed prior to installing with our Wash Safe Industries product SKU# 650400 Asphalt Roof Wash

Shingle Shield Zinc Strips interrupt the flow of rain and naturally time release invisible fungistatic compounds of zinc oxide which travel down the roof slope. These compounds are absorbed by the roof surface and inhibit the growth of fungus, moss, and algae.

FEATURES:

- Easy to handle 3' sections.
- Pre-drilled nailing holes.
- Butt-end design for easy application.
- Built-in alignment guide for a perfect fit.
- Zinc oxide will not harm aluminum gutters.
- Manufactured from approximately 99% pure zinc.

BENEFITS:

- Maintenance-free. Will not rust. Reusable.
- Extends and lasts the lifetime of the roof.
- Increases the beauty and value of a home.
- Eliminates the need for costly re-roofing/cleaning services.

Product Information: http://www.buildspec.com/pdf/shingle_shield_zinc_strips.pdf

- 1 carton contains 16 three foot long zinc strips or 48 lineal feet
- Strips are "double hemmed" along their length to protect your fingers during installation
